Motto: Vreme trece, vreme vine   Times goes by, time comes
    Toate-s vechi şi nouă toate Everything's old, everything's new
          Glossa by Mihai Eminescu (famous Romanian poet)

Abstract

Accordiug to the spelling rules adopted in 1993 by the Romanian Academy, in the middle of a word the letter *"î"* should be replaced by "â". In this paper, the computational aspects of this decision are examined. A short Prolog program and a Mealy machine are proposed in this respect.
