## Riemannian Hessian metrics

Constantin UDRIȘTE and Gabriel BERCU

November 10, 2004

**Abstract** - We give explicit formulae for the Christoffel symbols and the curvature tensor produced by a semi-Riemannian Hessian metric. Selected examples of Riemannian Hessian metrics and their geometries are provided.

**Key words and phrases** : Hessian metric, connection, curvature, geodesics, completeness

**Mathematics Subject Classification** (2000) : 53B20, 53B30, 53C22
